

Happy New Year

As 2008 draws to a close we would like to wish all of our customers a peaceful Christmas break and a prosperous New Year.

The New Year brings several exciting new developments for the Stillwater Group which we wanted to share with you. From BSI registration to PAS 23 & 24 accreditation; from new product developments at A Plus Joinery to glass price reductions just when you need them most.

We look forward to working with you in 2009 and beyond.

A Plus Aluminium awarded ISO9001

A Plus Aluminium is now fully accredited with BSI as a Quality Assured company. Procedures across the company were reviewed as part of the assessment involved in gaining ISO9001 and every single member of staff contributed to ensuring that the company came up to the high standards required.

ISO9001
FM 533422

Our requirement at the outset was to identify what areas of our business needed to be improved in order that we could deliver the very best service to our wide and varied customer base. Gaining ISO9001 also means that Kitemarked products to PAS 23 & 24 and BS7950 will also soon be available through A Plus Aluminium, including Sapa's Dualframe HP door and casement window system. In addition we will also be submitting our windows for Window Energy Ratings.

WATCH THIS SPACE FOR MORE INFORMATION IN THE COMING MONTHS...

Save 30% on glass prices

We've negotiated new lower glass prices for **ALL LEADED AND GEORGIAN** designs starting 5th January 2009.

For full details simply fax or email your enquiry in the normal way and we will send you your new lower price by return.

NEW PRODUCT LAUNCH

Probably the most beautiful sliding/folding door you can buy

We've combined all the beauty of timber with the appeal of a folding sliding door.

There is no doubt that homeowners' affinity for folding/sliding doors continues to grow and grow. Now you can offer them something quite different that is sure to appeal. Our beautiful hardwood folding sliding door has the timeless appeal of timber combined with the most up-to-date styling.

Features include:

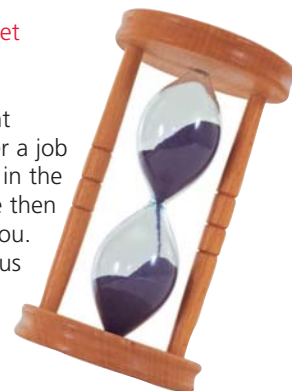

- Solid hardwood frames and doors
- Strong bottom rollers to remove reliance on the overhead lintel
- Invisible top and bottom tracks for superb aesthetics
- Inward or outward opening options
- Choice of hardware colour
- Maximum opening - 9 metres
- Maximum height - 2.7 metres
- Choice of 3, 4, 5, 6, 8 and 10 pane configurations

For more information or to discuss a showroom model please contact A Plus Joinery today - simply call 01582 766788 or email joinery@apluswindows.co.uk

When the heat is on ...

We'll set aside the production time to ensure you meet your deadlines

We like to think we've always responded to your tight deadlines and we also know that being able to deliver a job to a certain time frame could make all the difference in the coming months. If you're faced with a tight deadline then rest assured we will do all we can to accommodate you. New factory machinery at A Plus Aluminium and A Plus Joinery mean that we are better placed than ever to respond when you need a job turning around in super-quick time.

Just give us a call, explain what you need to achieve and leave the worry to us.

And finally - PVCu still available

As you may know we have stopped the operations of A Plus PVC Ltd and instead our PVCu product range is now available through A Plus Aluminium. This move allows us to consolidate our operations and offer customers that require a mixture of PVCu and aluminium products a one-stop pick up or delivery service. For a quotation simply contact A Plus Aluminium on 01923 225855.
